WHY ACEA?

For the last 5 years, the Eurasian Business Alliance has been a reference organization for doing business between Europe, Russia, and the countries of the Eurasian Economic Union.

We have our own offices simultaneously in 6 states, while we maintain close economic relations and joint projects in all important economic areas and regions of Russia, as well as in all countries of the Eurasian Economic Union.

Our Advisory Board includes politicians, business and cultural representatives from Europe and Eurasia.

We have been doing business in Russia for over 30 years in various sectors of the economy.

An extensive business ecosystem with proven performance, reputation, and quality.

We specialize in opening up new markets for existing or new products.

Our marketing strategies are implemented by business people, local specialists, and professionals who understand the specifics of the market.

We are investors. We participate in projects of interest to use up to 30% of the total cost.

We work, live, and do business in the countries of our presence. This allows us to offer tools and strategies for business success.

BUSINESS TOOLS AND OPPORTUNITIES

We are present throughout the Eurasian region and the CIS (Commonwealth of Independent States) countries. In each country, we have a network of local partners with whom we have been developing joint projects for over 10 years.

In Russia we are members of the boards of the most important business organizations:

- * «Business Russia»,
- * Business Council Spain - Russia,
- * Council for Investment Policy of the Russian Chamber of Commerce and Industry,
- * Moscow Chamber of Commerce,
- * Expert Council of the Moscow Government,
- * Eurasian Economic Commission.

Also strategic partnership with

- * Russian Export Center,
- * Agency for Strategic Initiatives,
- * Regional authorities,
- * Moscow Export Center.

We have a network of contacts with all chambers of commerce in 85 constituent entities of the Russian Federation, as well as with local governments.

Added to this business conglomerate are the instruments offered by our partners from financial institutions such as **Roseximbank, Sberbank, EXIAR**, and other banking and insurance organizations.

Together with Uzbekistan, we are developing various investment and technology transfer projects. As a result of these relations, the Economic Council of the Embassy of Uzbekistan in Spain has been established since 2020 under the chairmanship of Eduard Gulyan. This tool allows you to establish direct relationships between the Government, the business community, and business organizations.

BUSINESS TOOLS AND OPPORTUNITIES

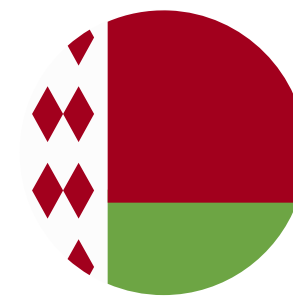

We are present throughout the Eurasian region and the CIS (Commonwealth of Independent States) countries. In each country, we have a network of local partners with whom we have been developing joint projects for over 10 years.

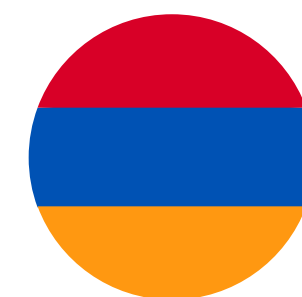

In Kazakhstan, we operate in the most important cities: Nursultan and Almaty.

We are a presence in the CFIA (International Financial Center of Kazakhstan), which is an organization that plays a key role as a regional center for business and finance, linking the economies of Central Asia, the Caucasus, the EAEU, Western China, Mongolia, the Middle East, and Europe.

We run our own projects in various economic areas such as agriculture, energy, waste recycling, medicine, and functional nutrition.

Projects in the field of construction, food, and beverages, as well as technology transfer, are successfully developing in Belarus. We are developing the Economic Council of the Belarusian Embassy in Spain and a partnership with the National Marketing Center (Center for the Promotion of Belarus Abroad) for the country's business activity in southern Europe. Added to this is the presence of our own business in the country for over 10 years.

With over 20 years of experience in Armenia, we have our own offices, reliable contact networks, and a set of business tools that includes institutional, financial, insurance, and investment structures.

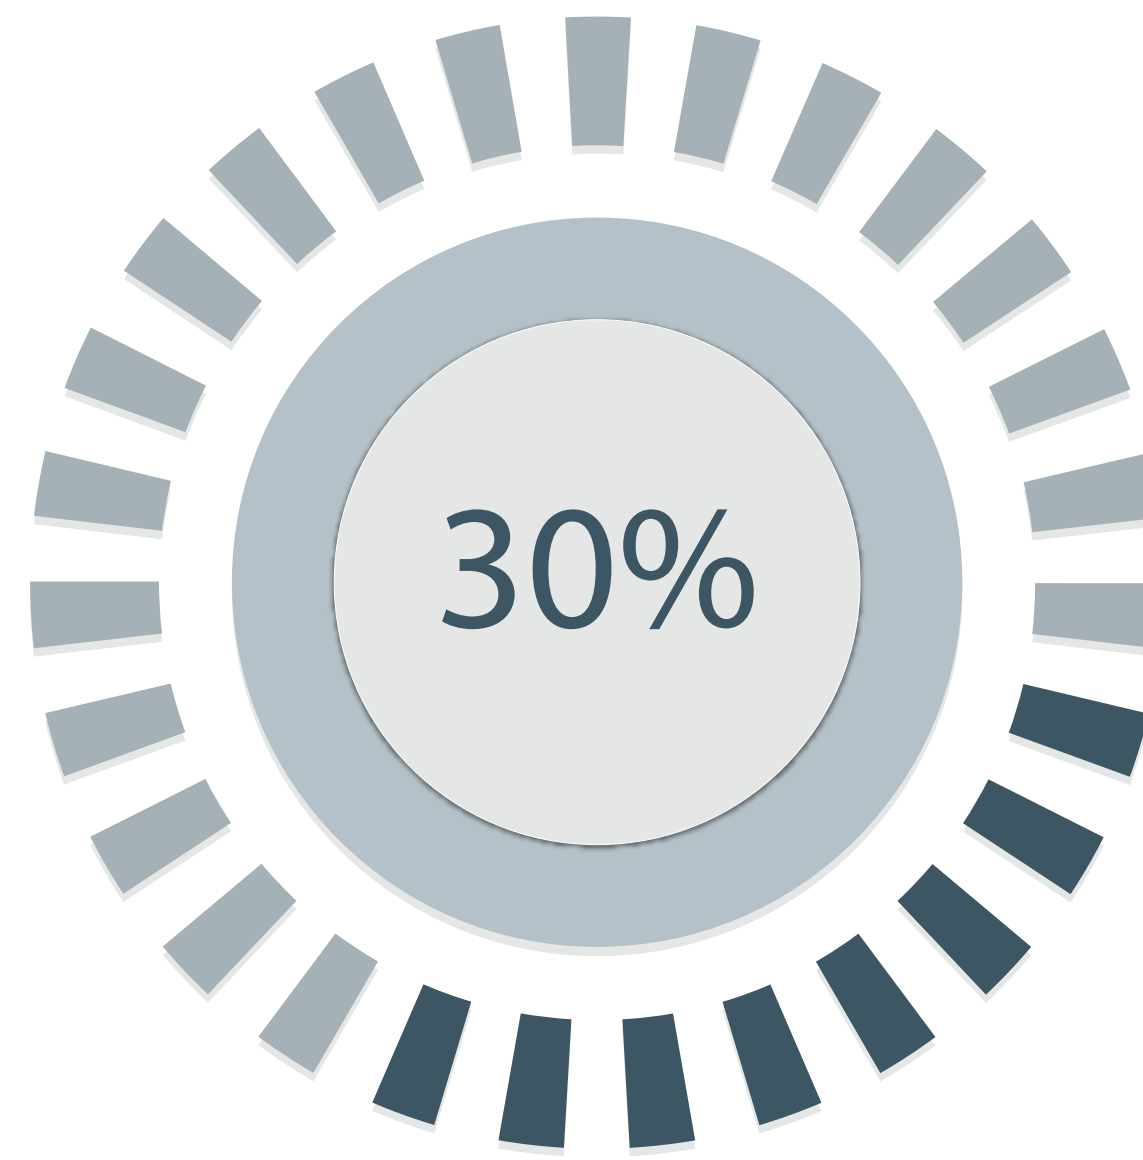

FINANCING OF PROJECTS

ACE is actively working with investment funds and banks in Europe and the EAEU. Innovative projects in the Eurasian region can count on financial assistance from our partners. In other cases, ACEA may act as a co-investor of projects with its own foundation.
